This poetry book was written with the express interest of showing the possibility of having a successful life, no matter what the circumstances may be. The first section of this book is dedicated to the children. They are at their most impressional stage. It is in a child's early years that they are extremely influenced by various people and/or the environment of which they may find themselves. No matter what kind of background a child comes from, with the power of their mind, they can make or break their adulthood. It's all in their attitude and their desire to aspire.
